

1) Go to <https://secure.fertilitydr.com/PatientPortal> or log onto FertilityDr.com and click on eIVF Patient Portal.

2) Click on the “Sign In” button on the top right corner.

3) Later, you can download the eIVF app by clicking on the “Get it Now” button located at the bottom right corner of this screen.

4) After signing in, a Welcome to RCA box appears. You should have received your User ID number with your new patient packet via email. Call us at 801-878-8888 if you did not receive this email. Enter the User ID and use 1234 as the password.

5) Portal will prompt you to verify the information RCC has on file is correct.

Before we proceed...

We would like to verify some information!

Please enter your...

DOB: Year:  Month:  Day:

Zip Code:

Phone (Mobile): (801) 589-

Send

6) Next, you will be required to create a new password.

**Password Requirements**

1. Password should contain at least
  - a. One number (0-9)
  - b. One UPPERCASE letter
  - c. One lowercase letter
2. Password must be between **6-8** characters

**New password**

**Re-type New password**

**Change**

7) After you have reached “Success”, please click on the Logout button.

Success!

You may now use your new password.  
Please log out and log in again.

8) Sign-In with your newly created password.

The screenshot shows the eIVF patient portal homepage. At the top left is the eIVF logo with a 'Select language' dropdown. At the top right is a 'Sign In' button. Below the navigation is a banner image of a smiling couple sitting at a desk with a laptop. Text on the banner reads: 'Find your medical history, messages, appointments, lab results, and more.' Below the banner is a promotional section for the eIVF mobile app. It features a woman using a smartphone, the text 'Try our New app for mobile and take your Patient portal with you. Let's keep in touch', and icons for the Apple App Store and Google Play Store with a 'Get it NOW' button.

Please call us at 801-878-8888 if you have any challenges logging on. It is extremely important you gain access to and complete patient portal as quickly as possible so there are no delays in gathering medical records to prepare well for your initial consultation.

Thank you!
